

Message from Medunsa Campus SRC President

Entering the University of Limpopo for the first time, it is natural that you will have many questions in your mind. Questions such as, will you be able to academically make it through the first semester of study! If you struggle, and cannot find your footing at university where will help come from!

Well, it is with these concerns in mind that as your Student Representative Council (SRC) we find it necessary and fitting to orientate you and familiarise yourself with your new environment.

Please take advantage of the opportunities that we are making available to you in the orientation programme to ask and learn your new home away from home.

Thousands of applications have been received at UL and you were among those that were selected and offered an opportunity to study at this institution.

I am calling upon you to reach out and take the opportunity being presented to you and shape your future. Do not allow fear to dictate your success.

Please bear in mind that some of the resources that you require in your studies, will be given to you, all you have to do is to stay focused to your goals, attend classes, strike a balance between your academic and social life, work hard and smart, what will follow is that success is guaranteed.

Welcome to the University Of Limpopo, Medunsa Campus
